Holiday Lighting Challenge to be held by Medina County Arts Council

Do you go all out for the holidays, covering your home with dancing lights, animated characters and holiday music blasting? Then you need to enter your home in Medina County Arts Council's Deck The House Challenge sponsored by Medina County Convention & Visitors Bureau. The contest is designed to encourage and highlight the artistic creativity of Medina County home owners and reward residents who go above and beyond to celebrate the holiday season and share their talents with the community.

The Arts Council is currently looking for recommendations for the best residential holiday lights displays in Medina County. People can nominate themselves or their neighbors by visiting the Medina County Arts Council Facebook page or emailing medinacoartscouncil@gmail.com. If you know of an amazing holiday lighting display in the county, be sure to let the Arts Council know. Nominations close on November 20.

Voting for your favorite display will take place on the Medina County Arts Council Facebook page between Black Friday (November 27) and December 20. A Facebook Live event during the week of December 20 will surprise the winning family with a visit from Santa and presentation of the coveted Deck the House Lighting Challenge light bulb trophy. Watch Facebook posts for the date and time of the Live Event.

When so many holiday traditions are canceled because of COVID, a driving tour of the Deck The House homes will provide a festive and safe way to celebrate the holidays. So throw the jammies on the kids, grab their blankies and snacks, and pack into the car to tour the county in search of the best holiday lighting display. Then go to www.facebook.com/MedinaCountyArtsCouncil to vote for your favorite. Maps with listings and locations of the entries will be available on the Medina County Arts Council Facebook page and website: www.medinacountyartscouncil.org beginning November 27.
